

D-in 10

D in 10 is a simply devotion that could be done by and individual or a family in about 10 minutes a day.

Note: this week devotion is based on the books of Proverb and Acts. As you encounter each verse let your heart dwell on its implications to your life. Singing a song before and after is meant to stir up your inner man to desire the things of God. Allow the music to guide you into a more intimate reading of the word of God.

Remember to sing the selected song before and after the reading only during devotion (not as you read the text throughout the day; unless you desire). As you interact with the verse of the day think of the implications to your life. How do you relate to the truth of each verse? How have you applied it/them to your life? What action steps will you take each day in light of the passage?

Now sing “the selected song of the day” one more time very slowly being careful to pronounce all the words with intention. Sing as if God is standing before you and you are telling Him how much you love Him. Let your mind think on all the things He has already done for you and how much He loves you. Now sing the song again and meditate on the words of the devotional passage. Do this daily, in the morning and before bed, for one week.

Daily Walk with God *Meditation and Prayer on the Word of God*
